Additional Guidelines re Substitutions:

- i) Substitutions are strictly only allowed to replace animals that have been taken ill, are injured, or have died.
- ii) The Secretary must be notified as soon as possible. The pedigree certificate of the substitute must be forwarded to the office if time allows, or handed to the Secretary on the morning of the sale.
- iii) The breeder can self certify ill health of the sheep or provide photographic evidence of the animal's injury but the Society retains the right to insist on a veterinary certificate where deemed appropriate.
- iv) In the event of the death of an animal, the breeder must provide a copy of the certificate of disposal or other appropriate evidence to the Secretary as soon as is practicably possible.
- v) A sheep may be substituted for an original entry provided that any substitution is a sheep in the same class.
- vi) The substitute must be clearly marked with a yellow dot at the base of the neck, at least one inch in diameter.
- vii) The substitute's pen must be clearly marked and include details of the animal's dam, sire, grand dam and grand sire clearly available for potential purchasers to see.

xiii) The Auctioneers must be informed of the change so that a clear announcement can be made when the substitute animal enters the sale ring.

Additional Information:

BIO-SECURITY.

Intending purchasers are requested to have livestock vehicles cleansed and disinfected and have waterproofs and wellington boots when coming into contact with livestock.

MOVEMENT LICENSES

Market Holding Number: 08/067/8019

Intending Purchasers should have their CPH number ready to supply the Auctioneers, so that the correct movement license may be issued before departure from the market.

No sheep will be allowed to depart from the market without a license from the auctioneers office.

Information for Vendors

- **Vendors must ensure that sheep are correctly identified in accordance with DEFRA and RFBS regulations. Ear tag numbers MUST match the details listed in the catalogue and on the animal's pedigree certificate. Incorrect tagging WILL result in sheep being rejected by the inspectors.**
- Sheep must be presented at the market for inspection by the Society's approved inspectors between 7.00am - 8.15am on the morning of the Sale.
- Inspectors will assess whether the sheep offered for sale are fit for purpose, free from disease and that they are correctly tagged.
- Any animal found by the inspectors to have a visibly short tail (Animal Welfare Regulations 2008), will be rejected.
- Animals rejected by the inspectors may not be offered for sale and must be penned as directed by the stewards. They will be marked with a red dot at the base of the neck.
- Vendors are asked to make every effort to arrive as early as possible.
- All sheep must be adequately marked with their Lot number (preferably with a paint mark) before they are presented for inspection.
- Sheep **MUST** be penned by 8.30am
- The decisions made by the Society Inspectors must be respected and will, in almost every case, be upheld. However in the event of an animal being rejected the vendor may appeal against the decision. The decision of the Appeals Committee is final.
- Substitute entries must be marked with a yellow dot at the base of the neck
- It is the responsibility of the vendor to supply any additional information on the pens of individual entries.
- It is the responsibility of vendors to ensure that they have adequate public liability insurance.
- Vendors are advised to bring plenty of bedding for the pens (wood shavings/chippings only) (NO straw)
